NOTICE TO FARMERS

This book has been carefully compiled from the records in your county courthouse. Credit should go to the Auditor, Superintendent of Schools and County Engineer for their aid in making this atlas as accurate as possible.

Every business and professional man in the county has been contacted for an advertisement or listing in this book. This has been done so as to give them an opportunity to advertise in the only publication that reaches every farm family in the county. You will note that over 75% of them have placed their ads in the book.

These advertisers have paid the entire cost of this atlas so as you could receive it free of any cost. Patronize these merchants and professional men -- they are your friends.

FARMERS! Are You Taking Full Advantage of Ringgold Mutual Insurance?

**For Better Protection,
Lower Insurance Costs**

**There's a reason why Iowa stands first in the nation in Mutual Insurance
—why more than 80% of Iowa farmers depend on their County Mutuals
for safety and security against property loss.**

First, foremost . . . for SAFETY.

**There's no stronger, safer insurance in the world than sound Mutual
Insurance.**

**In Iowa the combined assets of our County Mutuals are more than
\$10,000,000.00. In addition County Mutuals are REINSURED, so the com-
bined strength of ALL stands back of each and every member of Farmers
Mutual Reinsurance.**

**Also since Ringgold Mutual does not have to strive for private profits or
dividends to stockholders . . . it invests its assets for SAFETY FIRST. This
conservative investment policy means still greater security for YOU.**

**And your Ringgold Mutual agent is a man you know and trust. He is
right there in your community, to protect YOUR interests.**

YOU SAVE MONEY TOO 25% to 50% below "High Cost" insurance.

**All this adds up to savings in costs, too. And these savings are passed on
to you in lower rates.**

**Get this BETTER protection for your property. If you aren't now insuring
the Mutual way, ask one of the agents below for an estimate on your
insurance.**

NEW

safety insignia

for careful drivers only!

Watch for this new bumper emblem on cars of State Farm Mutual members everywhere. It means—"Here's a careful driver, soundly insured." State Farm aims to insure careful drivers only.

State Farm Members:

This handsome new emblem is made of "Scotch-lite"—the new material that glows brightly under headlight beams. Takes 10 seconds to apply, adheres firmly to your bumper. Your emblem stands on guard while you park. It can provide life-saving emergency protection if your tail-light fails. See your friendly State Farm agent for your Scotchlite safety emblem now. Remember, it's the mark of a careful driver. So *display it proudly.*

Can you qualify? If so, you can save up to 40% on auto insurance

About 80 per cent of all accidents happen to about 15 per cent of all motorists. The reckless few boost the cost of ordinary auto insurance.

But an auto insurance company that deliberately avoids the "Careless 15" can afford to give the "Careful 85" much lower rates. That's exactly what State Farm Mutual does. It seeks to insure *only careful drivers*. That's why State Farm can give such excellent protection and service at rock-bottom cost.

If you can measure up to State Farm Mutual standards, investigate now. Call your local agent today. Look up "State Farm Insurance" in your classified phone book.
