Wed. morning

To My dear Mary.

I got home all O.K.
Sleepy was over to Blockton
to meet me, I just had
about 10 minuts to wait on
the train.

Every thing was all right
about the farm, The pigs
are doing fine.

It is sure fine
sleding, We are hauling
wood now.

There was a crowd met Monday and hauled wood for the Church, the School house is about out of coal. and there is lot of the people in town is getting out of coal but they can get wood if they get that lazy streak out of them.

We have got enough of coal to last us to Christmas yet is fine hauling now so we are getting it in time.

There is a sleet on the corn so we cant shuck any till it get warm enough to melt it off.

There isn't hardly any one done shucking.

Dewey went back to school monday evening.

Well we.

Just got in from hauling Wood,

I think that would be allright for you to go over

and stay over With Arthur and Bess, I think it would be better than teaching scool, it would be all indoor work, it would be more at home to you if you had to stay away from home.

My dear You do as you think best any thing you do Will be all right with me.

Goodnight my dear I love you with all the love I have I dont know when I will get to come up but will come up when I can get away

Bye Bye my dear dear.

Your dear.

Carl.
