

Tuesday evening,

My dear Mary,

I just got in from work will write this and take it up and mail it on the flyer that goes through to night.

It has been trying to storm a little to day but hasn't made a very good attempt at it.

Mary My dear I would love to be with you over Sunday I don't know if I can come up or not, I think it is quite likely I will come on the evening train that leave Blockton at 6.04 O'clock and get in New Haven about 9 O'clock that is if it is not a storming so I can't get across to Blockton

My dear I sure love to be with
you all the time but it is impossible
to be now but some day we will
and have a happy home together
that is sure to bad about anna
and her man, maby they will look
over thoes little things and get
thing straightened up allright, I hope
so if they really thought any thing
of each other,

my dear if I dont get up Saturday
I will be there christmas if
marian does not come but I
hope she does.

my dear I will take this up and
