

Wednesday afternoon.

My dear Mary.

This has been a pretty nice day the sun has shown almost all day it has begun to look like spring will be here in a few days at least.

I got your kind letter this morning but will not take time to ans. it now.

I got home all O.K. every thing was all right

We have got the house so
we can kindly get around
a little, maby we can began
to work in the field
tomorrow afternoon if it
does we will be busy the
rest of the week.

I got a bill that the
seed corn was shipped and
a letter from John Hev saying
that he would send a
man to fix the tractor the
last of the week. I Cranked
it up this afternoon to see if
it would run and it sure
did wait till it got dry

It will sure get to put
in some long hours.

You tell Arthur I will
see about buying the stock.
If I buy I will just buy five
shares.

I can buy the Liberty bonds
of mamma there would be
about \$40.00 or \$45.00 depreciation
on the bonds so the five share
would cost us about \$200.00

Arthur is making us a good
offer on it, it will not make
him very much money

You ask him if it would
be too long to wait till
I come up the next time I
expect it will be the Eight of May.

I may write him in regard
it in a few days.

Good bye my dear

always your darling
