

Tuesday 18.1920.

My dear Mary:-

This has been a long day I got to see the rise and set while I was riding on the tractor, I have been riding all day but never got any where.

The tractor is now working fine it has not give a bit of trouble, I hope it don't.

We will have 55 more acres ready to begin plant Thursday morning that will make 70 acres all to gether

If it just stay dry for a few day we will soon be done.

that go to bed that your
Aunt and Uncle wont be out
maby they will come on saturday.

my dear I think Thursday
will be allright for it will
take a week off and if
it stay any way near dry
we will get our corn all
in by then.

WE got the curtain Monday
they sure look fine
I will try and get up before
then if I can possible can
I think it will turn out
so I can get away.

my dear I am tired and
sleepy so excuse this writing
for I doubt you can
read it.

I wish you were down
here so I would not have to
write. Time is growing short
it won't be long it is wearing
away day by day.

Good night my dear Mary
From your dear sweetheart.
