Hi, Ralph, Alice and Helen,

Just asked Wava if she had written you folks lately, she said that she started a letter way but never finished it and then she just thru it away since it would be to old. I have been doing nothing this week-end so today I thought I would get some letter's written, we both are slow at getting around to write so when I get in the mood I just start and hope I can finish yours befor running out of steam.

Thanks for the clothes, they have come in handy this fall and winter. Helen, eather or both of you and your Mom have good taste in clothes, but I ~~can't~~ can remember your mother always was a nifty dresser so you must have gotten your tast from her. Oh, Ralph you got good taste too but in another dept., Ha Ha. Thanks again for the box clothes.

We haven't been to busy, till this month, but now we will be running around like little beavers, I ~~am~~ am chairman of ~~my~~ our PTA Pancake breakfast, which is next week-end., so I will be working from 7:00 till 2:00 and then I will be ready for bed. Then in about three weeks we have a Blue and Gold banquet for scouts, that is a pot-luck diner, they are always nice since you get plenty to eat. and Duane is a Webelos and I am there leader.

The kids brought there report cards home last Friday and belive it or not they are all doing quite good in school and Duane and Pam are doing real well in most of all there subjaects and Audrey # alright in all# except for Math and she excells in Art and English. Wava's is back in school too, she is full time aid in K class and works all day at McKinley so she goes to school with the kids and comes home with them. She realy likes the work and like working those hours and to be so close to work she can ~~####~~ walk to work, and we have lunch at home together now ~~days~~.

Sorry that my typing isn't better but if you want a letterfrom me you get my way, which is typed and misspelled and full of ~~#####~~ nothings, we got a card from Mom and Dad the other day reminding us about Sam and Jessie's 50th Wedding Anniversary so Wava got that ready today and I will mail It tomorrow, along with yours Gene and Kathleens.

Heres an invition from us folks in Faribaultl to you guys in ~~#####~~ Milwaukee, and thats this, after schools out nxet spring why not drive our way and spend ac couple of days with us and then all of us drive of to George and you can see where Gene and Kathleen and the folks call home these ~~days~~., would like to see again, let us know!

Better close for know, maybe Wava will say a few words and if not bye and write, even if you have to do it Helen. Let hear from you guys.

Wava, didn't have any thing else to add so will stuff this letter in to a envelop and get it going

Love
