

*S*LEIGH BELLS RING ARE YOU LISTENING,
IN THE LANE SNOW IS GLISTENING...

MERRY CHRISTMAS TO ONE AND ALL!

Perhaps I write Christmas notes more for my benefit than for yours--just to remind myself to be more grateful for the so-called many gifts that one takes for granted. Such things as good friends and neighbors; a warm place to lay your head; pensions; health and health insurance; etc; etc; but especially for our family members scattered throughout this country.

A SHORT LIST OF THANKFULS:

- That the Cryptosporidium water problem in Milwaukee didn't keep our daughter, Helen, and husband Mike from bringing grandson, Michael, to visit us at Easter time. He is truly a joy!
- That my sister and her husband Marve, drove us to Alabama to celebrate Michael's first birthday party! It is a treat to watch kids having fun.
- That Milwaukee did not have any tremendous rain, snow, wind or fire storms,
- and extremely thankful that Ralph weathered his own storm spending a week in the hospital with congestive heart problems this past month. The art of medicine is amazing.

WE look forward to receiving your Christmas Greetings trusting that everyone has had a good year in 1993.

Best Wishes for 1994
Just Wonder What's in Store!

Ralph or Alice
