Dear Alice & Ralph!

What a "neat" sausage! That was better is - a first in our family. With 3 lunches to fix everyday you'll be thought of often. Thanks a million. For 2 days we kept it hanging in the kitchen & when time came to get things ready for the trip we cut it up & froze part of it. Too large even for the freezer! -

We went to St. Louis the 26th to visit friends. Axel had a Jr Achievement Conference there so things worked out well. Right now we are on our way back to O - stopped in K.C. - I did also have a chance to visit with my brother on his way to Colorado. -

I also wrote to Dorothy that you Adair-children ^{all} need to get together some Th. 9. or Christmas at our house, spouses included of course!
